

SERVICES FOR PERSONAL SERVICE COMPANIES

Our services for freelance contractors are designed for individuals working in the Computing/IT, Engineering, Design and similar sectors using a Personal Service Company (PSC).

The primary aims of the service are:

- To keep your tax bills as low as legally possible
- To minimise the time and effort you have to spend on accounting and administration
- To make running your company as easy and trouble free as possible
- To minimise the impact of the IR35 tax regime on your company.

We do not offer Umbrella or Composite company arrangements.

Company Formation

£100 plus VAT (£117.50 inclusive of VAT) - pay by cheque or credit card

£10 extra to arrange change of company name

NB this pricing is only available where you engage us to act as accountant for the company

Most companies offering company formation services do just that - form your company and little else. Our fee covers not only forming the company, but also registering the company with the Inland Revenue, establishing your PAYE scheme, VAT registration, arranging a bank account, advice on tax minimisation and IR35, advice on bookkeeping and all assistance necessary to set you off as a contractor. To this end it cannot be compared with the £30 "kit companies" available through formation agents.

On receipt of your cheque or credit card number we can commence formation, with the process taking around ten days. A company name and registration number can be issued same day if required to start a contract.

Registration

To register with Garbetts as an existing PSC or to instruct us to form a PSC for you, visit www.garbetts.com/PSC and from there you can download a formation questionnaire or registration questionnaire.

Alternatively these are available direct at www.garbetts.com/download/formationquestionnaire.xls or www.garbetts.com/download/registrationquestionnaire.xls respectively.
